

# Student Council

## Introduction

The Student Council is comprised of all the students of Oita National College of Technology. It acts on its own initiative under the guidance of the college authorities in order to help its members form strong character and attain their educational goals. Its objectives are as follows:

1. To make college life enjoyable, productive and orderly so as to establish a good school spirit.
2. To help cultivate taste and culture, and develop strong personalities.
3. To help develop a healthy mind and body through recreational or club activities.
4. To promote campus activities that will foster a spirit of friendliness, cooperation and independence.
5. To help develop self-governing ability to better contribute to a democratic society.
