授業の概要			
English conversation class will be taught from the viewpoint of increasing the students' communicative abilities in English so that they may contribute to the internationalization of Japanese society. Thus, the emphasis will be on listening and speaking based on the English skills they acquired in middle school. The techniques to be used to accomplish this will be repetition, question and answer, pair practice, plus some reading and writing. Grammar, vocabulary, and pronunciation will be taught as necessary to accomplish the above goal.
